Prof. dr. Per Davidsson

Entrepreneurial opportunities

3 november 2021, 6-7.30 pm

KU Leuven Campus Kortrijk - online

The opportunities arising from the business environment have not received adequate attention in entrepreneurship and strategy research. Prof. Per Davidsson and collaborators introduced the External Enabler Framework to address this omission. In this seminar, he explains how you can use the framework as an analytical tool for assessing the opportunities offered by environmental changes.

Programme

6.00 pm - Welcome by prof. dr. Jonas Debrulle
6.15 pm - Keynote by prof. dr. Per Davidsson
7.15 pm - Q&A
7.30 pm - Concluding notes by prof. dr. Bart Van Looy
